Quote from Haley press secretary Chaney Adams, "Governor Haley has been assured by SLED and our homeland security partners that there are no known threats to Planned Parenthood in the Southeast. The governor will continue to communicate with law enforcement to make sure we do everything we can to keep all South Carolinians safe, as violence is never acceptable in our state."

Hey Chaney,

I was wondering if you could get me a response from the governor regarding Rep. McLeod's request for her to increase security at women's health clinics in South Carolina.

Thanks so much.
