Hello Chaney,

Hope all well. I wanted to revisit this if I may. We'd love to interview Governor Haley for our 2016/2017 interview series which will be going out in our December/January double issue. I sent you pdfs of the range of presidents, world leaders and mayors we've already interviewed but to give you an update, we've featured the governor of Tokyo and the mayors of Portland, Barcelona, Berlin, Stockholm, Edmonton and Calgary in the last few issues. For the 2016/2017 series I mentioned, we already have the governor of Nuevo Leon, Mexico, and the Turkish foreign minister confirmed and would love to include the governor in the same series.

As mentioned before, I'd travel to South Carolina for the interview (with a photographer), and would need to do in the next three weeks if we're going to include in the series. Do let me know if I can answer any other questions and would also be happy to send you copies of the magazine.

I do hope we can make this work.

Many thanks and all the best,

Ed

Hi Chaney

I hope you're well. I just wanted to see if we might be able to re-schedule this now that the conventions are out the way. Maybe I could send you some copies of the magazine too?

Many thanks

Ed

Hello Chaney,

I hope you're well. I'm bureau chief in New York for Monocle magazine. We're a British publication with offices around the globe and, in the Affairs section at the front of the publication, we regularly run interviews with heads of state, governors and mayors.

In the next issue – July/August and traditionally are largest of the year – we are running a section on five mayors and governors we admire and we'd love to include Nikki Haley. We'd want to talk about her achievements in South Carolina, her future in the party and of course touch on the current election cycle. We'd fly to South Carolina for the interview and would need to take a few portrait photos of her as well (we always commission our own photographers in the magazine).

I'm attaching a few pdfs of similar interview we have done so you can get an idea of the look and feel of the article. Do let me know if you have any further questions.

Many thanks and all the best,

Ed
