Katherine,

I haven't talked with you in awhile but hope all is well. I was just talking with my friend Dave Schwartz who is working on solidifying Senators on the gas tax and it occurred to me that the two of you may want to compare notes as I'm sure you are doing the same.

I will point out that although there were some differences of opinion on the Govs plan, Dave was very careful not to criticize NH but just talk about opposition to gas tax increases overall. However after the House vote, it seems to me that it's time for the two of you to circle the wagons and work together in the Senate. N

Hope you both agree.

Chad

P.S. I also hope one of you is sending Dana's oped yesterday to Campsen and any other green R's.
