State House, 1st Floor

Governor Haley,

This will be my third and final letter concerning the life or death of Bobbi Kristina Brown daughter of the late Whitney Houston. I read in the paper a month ago that you had made a phone call to a fellow Governor.

Did you call the Governor of Georgia asking him to contact the family of Bobbi Kristina Brown? I have not received any kind of contact from the family at this time. Did he take you serious or did he forget to call the family is the question? The reason I'm asking is, time is running out to help save her.

Saturday night I was laying on the bed thinking about her. How much longer can she hold on before she takes her last breath. As I lay there thinking about her Sunny 103.5 radio station of Greenwood played her song I Will Always Love You. This song was written and recorded by Country singer Dolly Parton. Whitney recorded it for her movie The Bodyguard.

As I lay there with my eyes closed I had a vision of Whitney and her daughter Bobbi Kristina standing side by side. Whitney said, Richard I love you, I want you to help my baby. She turned to her daughter and they hugged each other. Bobbi turned and descended down stairs and ascended up another set of stairs. At that time Whitney turned and ascended up stairs they both walked through doors.

I'm not going to bother telling you what the vision was trying to tell me. I'm sure you can read between the lines without me telling you. I will say this if you don't find a way to help me help Whitney's daughter it's going to be a bad future for our state and nation. If Bobbi does die I will die with her. Meaning I will stop everything I'm involved with from writing letters to you and the President to getting involved with community activities. To help my community.

Do you know I've had dreams and visions of you asking me to help you!? I will be more than glad to help my Governor with her success, but if I am not allowed to help Bobbi Kristina Brown. Don't ask me to help you. That is not how God works and you know that God is responsible for us having dreams and visions.

So the choice is yours to make. We've got a lot of work to do and a short time to accomplish that work in, but the power is in your hands. God is waiting on you to make a difference in the life of so many people.

From the state and federal government to each and every American we make mistakes. But we can't just quit and give up. Our success depends on what we learn and how well we use it after each and every experience in life's journey.

So if I were you I'd get on the phone and see if you can try to contact the family of Bobbi Kristina Brown. I will need to fast for three days. On the third day the family will have to come and get me. On morning of the fourth day is when we will bring her back home to the family. After that I can start the process of helping you with your problems within the state. The choice is yours to choose for Bobbi Kristina Brown, will you give her life or death? Thank you for your time and consideration. May God bless you and keep you in His Spirit.

Sincerely,

*Richard M. Witt*

For God speaks again and again, in dreams, in visions of the night when deep sleep falls on men as they lay in beds. He opens their ears in times like that, and gives them wisdom and instruction, causing them to change their minds and keeping them from pride, and warning them of the penalties of sin, and keeping them from falling into some trap.

Job 33: 14-17

PS when I have visions I'm always awake, I'm not sleeping. God has plans for you, me, and Bobbi Kristina Brown. But we've got to save her. If we wait too long and she does die, there will be no more dreams in my sleep or visions of her or her mother when I'm awake there will be no need for them. It will be too late. We can make a difference in her life, but I need your help!
