Subject: Thinking about when you'll claim Social Security benefits is time well spent

Good morning,

This week we released a new blog post about the importance of taking the time to determine the right age to begin receiving Social Security retirement benefits. The blog reviews several reasons why you shouldn't guess how much your estimated benefit amount will be at different claiming ages.

We encourage readers to visit our Planning for Retirement tool to toggle back and forth between the different possible claiming ages and learn more about this important decision. [Read the blog](#).

If you have any questions or need any additional information please contact Erin Scheithe at olderamericans@cfpb.gov.

Thank you,

Stacy Canan
