The Put Down The Guns Now Young People Organization went before Greenville city council tonight informing them how our organization along with Chief Ken Miller and the police have worked together the last two years in preventing teens from violating the curfew. Chief Miller was present tonight. Mayor White and City Councilwoman Lillian Fleming thanked all of us and we received an ovation. There is a video from the meeting tonight on our Put Down The Guns Now Young People page on Facebook you can watch and see. Jack Logan 8643031030
