Dear Governor Nikki Haley,
My name is Kaithlyn but you can call me Katie. I'm 9 years old and enrolled in Del Prado 4th grade. We're doing a project on the 50 states and I chose SC because my cousin lives there!

I was hoping you could give me your favorite recipe as we hope to make a cookbook of all the government favorites. If possible, I'd also like your favorite quote. Mine is one from Jeff Healey.

I would be super grateful if you could respond soon, as the school year ends soon. It matters a lot to me.

Deepest Regards,

Katie

I heard you were the daughter of Indian immigrants. What was it like? Did you get teased? I'm the daughter of Chinese immigrants. ~~Most~~ Most of my friends are Chinese too. Did you have any Indian friends?

Please,

Please,
