Marcia,

As per our recent phone conversation, you told me you would send me the attorney's name and phone number that has interpreted the law concerning the Amendment to Section 56-19-480 of the South Carolina Code. I have yet to receive such and would appreciate an immediate response with that information either by e-mail or fax.

Also, would you please e-mail or fax the meeting dates and times that you said I could be included in with the insurance industry representatives.

Thanks!
Rex
