**RECEIVED**

Department of Health & Human Services  
OFFICE OF THE DIRECTOR

October 11, 2010

The Honorable Lindsey Graham  
508 Hampton Street, #202  
Columbia, SC 29201

Dear Senator Graham:

We, as advocates for those with disabilities, recognize the difficulty you face in the next legislative session as you grapple with budget allocations and diminished state revenue. We remind you that it is your responsibility as a state lawmaker to help ensure that citizens with special needs have their core needs met. The Olmstead Supreme Court Decision of 1999 states that these individuals should be served in the "least restrictive environment." Not only are we not doing that, but we are forcing them to remain on long waiting lists that have not moved in almost two years. There are more than 5,500 individuals on these lists and many of them will not live to receive even the most basic services.

As we anticipate more slashing in the State budget for 2011/2012, we ask you to be aware of the rights of the disabled and not allow any additional cuts. Please do not forget those vulnerable lives that are losing hope waiting for someone to care about their needs. Take a stand and show them you care, now and in the future. We ask you to protect the rights of the disabled population of this state so we can all be proud to call South Carolina a state that takes care of its own.

Very Truly Yours,

*John and Pat Schnorr*
