David,

The numbers for SC:

We have been tracking the numbers since October 4th as at that time, the fund was down to \$10-20,000 and it was a clean break. No more grants were going out Since that date,

\$303,529.06 in donations for hurricane relief. (FYI there hasn't been much since November 11)
\$25,000 has been pledged by a business, but not yet received.

Total: \$328,529.06 for flood relief.

For the Hootie concert, we started messaging before October 4, but the money has been counted since then
\$590,000 received in "sponsorships" for the concert.
\$20,000 pledged.

Total: \$610,000 in sponsorships.
