Want to give a shout out to how great the SC State Parks have been during our escape from Hurricane Florence. We are from the Wilmington area and made reservations for Lake Wateree State Park to escape before Florence changed her course. When we found that out Lake Wateree refunded our monies and we moved on to Lake Greenwood. They have been very accommodating and helpful at Lake Greenwood. We will be moving on tomorrow and hope to make our way back to Wilmington.coming from the north. SC state parks are some of my favorites campgrounds,even more now with all the help offered to us on our Escape from Florencei . Thank y'all so much.
