> Kevin, you may or may not remember me. This is Scott Cathey. Back in the TL Hanna days I was on your team, but I was a couple years younger than you. But I remember you were our punter. My parents and grandparents have been friends with your family and pharmacy all of my life. I remember many trips there years ago with my grandmother, Mama Ruby.

>
> Enough of the small talk. First I want to say how proud we here in Anderson are of you and the success you have achieved and the representation that you have provided for all of us in the state. I look forward to following your career in the future.

>
> I attend Unity Baptist in Star SC. We have attended there for over 20 years and there my wife and I serve as the children director, my daughter serves as the music director and my son has recently become the co-youth director. It's awesome to see our family serve together.

>
> My wife and I are over Awannas also. At the beginning of Awannas each Wednesday night we pledge to the flag. In today's society and all over the media the pledge has been under attack. On some Wednesday nights we have close to 75 kids there and we plan to try to influence them the importance of the pledge and honoring it.

>
> I was wondering if there was any way possible you could provide me with an American flag and a state flag that we could permanently display in our gym? I know at times those flags that have flown over the statehouse have been used in auctions and as gifts. I feel with the importance of our pledges will only be enhanced with two important flags from the statehouse and from the Lt governor.

>
> I know you are very busy. But if you could help me with this it would be greatly appreciated. It may even change a few young minds on the importance in honoring our flag and our country.

>
> Thanks for your time and regards to your family.
