**Copperplate Calligraphy Workshop**  
 with instructor *Anne Elser of Atlanta*

**Join us for an introductory look at copperplate calligraphy**, an elegant hand frequently used for formal invitations, documents and bridal events. This pointed pen calligraphy workshop will focus on lowercase letter formation using traditional copperplate techniques.

Less about pretty handwriting and more about drawing each letter, calligraphy is a highly relaxing and meditative practice. In this workshop, you'll begin to develop a pace and rhythmic motion as you write, achieving a consistency of letter shapes and spaces between words and lines. Like yoga for the hands, calligraphy centers, calms and enchants the writer as well as the person admiring it.
