Good deal on the move! Things are about the same here – getting beat up all the time and these funding efforts require huge data dumps. Will look for you across the street.

Please see attached and also info below. Let me know if you need anything else.
By the way – where are you working these days?

Hi Wendy,

Attached is the report showing public miles by county. Just look at the Total column.

Also, in 2005 the public centerline mileage was 66,239.52 miles
