Glenn Tilling In connection with the governor's mandatory evacuation are the parks going to do as they did in the flooding of 2016 I think this is a great idea to start now allow some people to have a place to stay that is safe as they have to be evacuated

Tina Horne Brakefield We are booked at Myrtle Beach State Park on October 1. I pray for everyone there in the path. In the event the campground suffers too much damage (God forbid) what are my options of rescheduling or canceling our reservations?
