Subject: RE: request about extending deadline.

Senator Williams,

Tomorrow morning I will file the Executive Order providing another 30 day limited emergency designation for Marion County so that they can utilize volunteer engineer and architectural personnel. The effective day will be tomorrow. I spoke with General Livingston who stated they will have a few inspections over the holiday, so we will go ahead and put the Order in place. I will email the final Order to you and Debbie in the morning.

Thank you,
Richele

Debbie,

The Governor has approved signing a new executive order. General Livingston is working on the new start date and when he can best staff the needs, and he is getting back with me today. He is reaching out to Marion County in making the decision. I will send you an update when I have that date.

Richele

Importance: High

Katherine,

I just left you a voicemail. Senator Williams was running into a meeting and ask that I touch base with you about the extension. His understanding was that another order had been prepared and is awaiting signature. The other did expire on the 18th, and the National Guard and folks there to assist with the home assessments indicated that they would need to pull out if the extension is not granted. He asked me to check on the timeline for signature by Governor Haley. If you need to speak to him directly, you can reach him at 843-430-5983 or of course you can always call me at 803-212-6000 and I can get a message to him or track him down.

Thank you!

Richele & Kim,

I just spoke with Senator Williams he was just updated that there are still over 800 homes tht need to complete the process, can the delegation request the order 2016-46 be extended for 90 days or do they need to request another re-issuance of the state of emergency.

Thanks .

Debbie

Debbie,

I did not copy you on this. Thought you might need it as well.
