Subject: May I submit a few questions to you?

Ms. Adams,

Since last Thursday, June 4 I have been attempting to get some information from the governor's office but it seemed every time I called I was put in touch with individuals who were either indifferent or ignorant of how to perform their jobs. I hope you will be able to assist me in obtaining the information I am looking for.

I am working on an article related to the state's Magistrate Court system. According to the Judicial Department's web site the Governor appoints the magistrates to four year terms upon the advice and consent of the state senate. As I stated, I would like to ask some questions on this topic, and I guess my first question is are you the person I need to speak to? If not will you please refer me to the appropriate office so I can proceed with what I am working on?
Thanks!

Bobby Clyde
