Subject: Hello -- Commerce trade relations with India

Dear Katherine:

It was great to meet you again yesterday. As I indicated, I am a Gov. Haley's strong supporter and am glad to help in improving commerce relations with India.

You may note that in the general elections in India, Chief Minister Narendra Modi had a landslide victory; making him the next Prime Minister of India. I have close connections with him as he hails from my hometown. More importantly, as he takes charge, there will be major governmental changes, and we have a golden opportunity to make commerce alliances at the outset.
