Dear

Thank you for "put" to do the right thing regarding Sheriff Duvitt. It was just apparent that he is guilty of charges. A further investigation would work. Even Ray Charles could see what happened.

You may or may not know that many people will readily to see good people to the allegations against Sheriff Duvitt. I was happy to see potential making and eventually to join them.

Sheriff Duvitt was behind that he was caught after the killed victims. Thanks I strongly support that he goes through all the process (e.g. appearance, license, bill charges, claims and AD-22 insurance, etc.) Sheriff Duvitt holds a position that should be held with high standards of integrity. That he removed doubts, he would have, and only report fairness and credibility of the position. If he is convicted he should not be permitted to carry a weapon.

As a grandparent, I can now
continue to encourage my grandchildren
to obey the law and respect the police.
Had Mr. Dewitt not stepped down would
have implied that law enforcers do not
need to follow the law themselves. You
actually peeled a little skin off the
"Good Ole Boy System."

Again, Thank you for doing the
right thing. You have restored my faith
in the South Carolina Government.

Your Constituent
Ms. E. Smith

Dear

Thank you for "guts" to do the right thing regarding Sheriff Dewitt. It was quite apparent that he is guilty of charges. "A picture is worth a thousand words." Even Ray Charles could see what happened.

You may or may not know that many people were waiting to see your response to the allegations against Sheriff Dewitt. I was happy to see protestors marching and was ready to join them.

Sheriff Dewitt was blessed that he was caught before he killed someone. Therefore I strongly suggest that he goes through all the processes (i.e. suspended license, DUI charges, classes and SR-22 insurance, etc.) Sheriff Dewitt holds a position that should be held with high standard with integrity. Had he remained seated, he would have reduced respect, honor, and authority of his position. If he is convicted he should not be permitted to carry a weapon.
