Subject: Plutonium Shipment

---

Chaney,

So I've avoided asking you anything until circumstances changed, and boy have they. The shipment of plutonium from Japan has made its way into SC. I'm leaving the office, but I'd like to chat a little later about this, if you have the time. I understand the governor has a lot going on with the flash flood watches and inbound tropical storm. I will, of course, be watching her Twitter account. 803-262-9142 is my cell. I appreciate your time.
