## From NASUAD

### NASUAD Publishes New NASUADiQ Educational Module on Medicaid

New to Medicaid? Need to brush up on your knowledge of this complex program? NASUAD has launched a new, online training course on the Medicaid program for aging and disability professionals.

This free course, titled Medicaid 101: What You Need to Know, available on our learning site [NASUADiQ](#), provides participants with an overview of key issues relevant to the joint state-federal Medicaid program. The course covers that following content: Overview & History of Medicaid; How Medicaid is Administered; Overview of Eligibility; Overview of Services; Medicaid Waivers; and Managed Care and Long Term Services and Supports (LTSS). This training course aims to empower the viewer to gain as nuanced an understanding as possible of the complex Medicaid program to improve knowledge of key features, terminology, and concepts underlying Medicaid; and expand understanding of Medicaid policies and practices. To access the course, visit NASUADiQ. If you are new to NASUADiQ, you will need to create an account for yourself prior to accessing the course.

## Register for the 2016 AIRS I&R Conference

Registration is open for the 38th annual AIRS I&R Training and Education Conference to be held May 22-25, 2016, in St. Louis, Missouri. The National I&R Support Center welcomes aging and disability I&R/A professionals to join us in St. Louis for the National Aging and Disability Information and Referral Symposium held during the AIRS Conference.

The Symposium offers a pre-conference National I&R/A Summit for aging and disability professionals, an Aging and Disability Luncheon, and a full complement of workshops throughout the conference. This year's pre-conference summit will have a special focus on person centered thinking and practices featuring an interactive presentation from Michael Smull, a national expert on person centered systems and a partner in Support Development Associates (SDA). Symposium workshop sessions will feature national, state, and local professionals presenting on key topics impacting aging and disability I&R/A programs such as quality assurance and customer satisfaction, aging caregivers, innovations in transportation services, transition for youth with disabilities, and resources for serving diverse consumers. For a full list of conference workshops, visit [AIRS](#).

## NASUAD Publishes Updated State Medicaid Integration Tracker

NASUAD has published the April 2016 Edition of the State Medicaid Integration Tracker. The State Medicaid Integration Tracker is a monthly report summarizing state actions in Managed Long Term Services and Supports (MLTSS), as well as State Demonstrations to Integrate Care for Dual Eligible Individuals and other Medicare-Medicaid Coordination Initiatives.

The Tracker also includes updates on state participation in other LTSS activities, including: the Balancing Incentive Program; Medicaid State Plan Amendments under 1915(i); Community First Choice Option under 1915(k); and Medicaid Health Homes. This tracker includes new updates for each state that occurred during the most recent month.

## HCBS Clearinghouse E-Clips

### Streamlining Medicaid Home and Community- Based Services

The Kaiser Family Foundation's (KFF) Commission of Medicaid and the Uninsured published an issue brief on the system design of Medicaid's current home and community-based (HCBS) programs. The brief identifies several key policy questions including: "How would financial eligibility for HCBS be determined?; how would states manage program enrollment?; how would beneficiaries functionally qualify for services?; how would HCBS be incentivized?; and how would the program be administered,

monitored, and evaluated?"

*This section of Friday Update highlights reports that have been added to the HCBS Clearinghouse within the past week. Visit [www.nasuad.org/hcbs](http://www.nasuad.org/hcbs) for more information.*

## From the Administration

### Administration for Community Living

#### Elder Justice Innovation Grant Opportunity

The Administration for Community Living (ACL) is seeking applications for Elder Justice Innovation grants. The purpose of the Elder Justice Innovation Grants program is to support the development and advancement of new and emerging issues related to elder justice. Funded projects will contribute to the improvement of the field of elder abuse prevention and intervention at large, such as by developing materials, programs, etc., that can be widely disseminated and/or replicated, or by establishing and/or contributing to the evidence-base of knowledge. For FY 2016, the following have been identified as priority areas: self-neglect, abuse in guardianship, elder abuse forensic centers, and elder abuse in Indian Country. All applications must be submitted electronically by **11:59 p.m. ET on Monday, June 20, 2016.**

### Centers for Medicare and Medicaid Services

#### CMS Issues Medicaid Managed Care Final Rule

On April 25, 2016, the Centers for Medicare and Medicaid Services (CMS) issued the Medicaid and CHIP Managed Care final rule (Medicaid Managed Care, CHIP Delivered in Managed Care, Medicaid and CHIP Comprehensive Quality Strategies, and Revisions related to Third Party Liability - CMS-2390-F). Under development for the past year, the final regulation modernizes and updates Federal requirements for Medicaid managed care programs. In particular, the rule sets new expectations for managed long-term services and supports (MLTSS) programs. NASUAD is completing an analysis of the long-term services and supports implications of the regulation and will make that information available as soon as it is completed.

## CMS Webinar: Person-Centered Planning Systems Part 1

The Centers for Medicare & Medicaid Services (CMS) is hosting a two-part webinar on person-centered planning (PCP) systems.

The first session includes an overview of how to develop systems to assist states to implement person-centered planning requirements and concepts, provide instructions to the state regarding core principles/strategies that will promote person-centered systems and systemic program development including: (1) Development of state policies and procedures that support and require person-centered planning, (2) Leveraging state resources (3) State partnerships, and (4) Organizational competence/culture. Information will also be shared regarding state development of training programs for service planners and tools states can develop for service planners to use including person-centered and strength-based assessments and goal-setting tools. Ralph Lollar, DLTSS Division Director, and the DLTSS Team will support the training and lead the Q&A Session. Additionally, Ralph Lollar, Division of Long Term Services & Supports (DLTSS) Division Director, Dianne Kayala, DLTSS Deputy Director, and the DLTSS Team will conduct this training and Q&A Session. The webinar will take place on **Wednesday, May 4, 2016, from 1:30 p.m. to 3:00 p.m. ET.**

## New Quality Measures Added to Nursing Home Compare Website

On Wednesday, April 27, the Centers for Medicare & Medicaid Services (CMS) issued six new quality measures to the [Nursing Home Compare website](#). Some of the measures were informed by the Medicare-claims data submitted by hospitals. This marks the first time that CMS has issued quality measures that expand beyond data that is self-reported by nursing homes."Beginning in July 2016, CMS will incorporate all of these measures, except for the antianxiety/hypnotic medication measure, into the calculation of the Nursing Home Five-Star Quality Ratings. CMS is not incorporating the antianxiety/hypnotic medication measure because it has been difficult to determine appropriate nursing home benchmarks for the acceptable use of these medications."

## CMS' CCSQ Open Door Forum on Informed Decision Making

The Center for Medicare & Medicaid Services' (CMS) Center for Clinical Standards and Quality (CCSQ) is hosting a Special Open Door Forum (SODF) to allow patients, families, caregivers, patient advocacy groups, disabled groups, low-income health patients, other consumers and interested parties to ask questions on The Improving Medicare Post-Acute Care Transformation Act (commonly called the IMPACT Act) and standardizing the assessment of patients across post-acute care settings of Skilled nursing facilities, Home Health Agencies, Inpatient Rehabilitation Facilities, and Long Term Care Hospitals to improve quality of care and quality of life. The purpose of this SODF call is to allow patients, families, caregivers, patient advocacy groups, disabled groups, low-income health patients, other consumers and interested parties to provide information and to solicit feedback on the introduction of the IMPACT Act and standardizing the assessment of patients across post-acute care settings to improve quality of care and quality of life. This Special Open Door Forum will provide background on the IMPACT Act, The IMPACT Act website, and other important consumer information in assessing patients in the post-acute care setting. CMS invites questions from patients, families, consumers and consumer advocates in advance, or during the forum. The SODF will take place on Friday, May 12, 2016, from 2:00 p.m. to 3:00 p.m. ET via conference call only.

### Alliance of Information and Referral Systems

## Eighth Edition of the Standards and Quality Indicators for I&R

The Alliance of Information and Referral Systems published the 8th edition of their Standards and Quality Indicators for Professional Information and Referral. The purpose of the AIRS Standards is to establish reference points that define expected practices within the field of Information and Referral (I&R) that can be used to measure the extent to which individual organizations are in compliance with those requirements. AIRS Standards provide essential guidelines that can be used to develop an I&R program to meet the needs of communities.

The process to revise and update the Standards took more than a year and involved input from many I&R professionals including work groups on a range of issues including resource database quality issues, I&R outcomes and service delivery performance metrics. The new edition of the AIRS Standards is a comprehensive upgrade, representing perhaps the most substantial reorganization of the material in recent times, with minor and major changes throughout the document to reflect emerging trends and changes in I&R.

## Health Management Associates

### Webinar: Healthcare Organizational Efficiency and Effectiveness

Health Management Associates (HMA) is hosting a webinar on the two separate frameworks that support common goals for healthcare organizational efficiency and effectiveness. Strategic planning and operations needs assessment go hand-in-hand. That is especially true for healthcare organizations in an emerging world of risk-sharing, population health management, and integrated care. During this webinar, HMA and Day Health Strategies will outline two complementary frameworks designed to help healthcare organizations achieve higher levels of performance by marrying strategic planning with a clear assessment of the operational and information technology (IT) investments needed to achieve long-term goals. The frameworks include tools that help diagnose critical areas of organizational performance which, if improved, can drive significant efficiency gains across your organization. This webinar is recommended for leaders of health systems, integrated delivery systems, accountable care organizations, hospitals, health homes, clinics, and public health agencies. The webinar will take place on **Tuesday, May 17, 2016, from 1:00 p.m. to 2:00 p.m. ET.**

## Funding Opportunities

### **Disability & Rehabilitation Research Projects Program: Employment of People with Disabilities-Development**

The Administration for Community Living released the development grant opportunity for the Disability and Rehabilitation Research Project Program (DRRP): Employment of Individuals with Disabilities. The purpose of NIDILRR's Disability and Rehabilitation Research Projects (DRRP) which are funded through the Disability and Rehabilitation Research Projects and Centers Program, is to plan and conduct research, demonstration projects, training, and related activities, including international activities, to develop methods, procedures, and rehabilitation technology that maximize the full inclusion and integration into society, employment, independent living, family support, and economic and social self-sufficiency of individuals with disabilities, especially individuals with the most severe disabilities, and to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended (Rehabilitation Act). Under this particular DRRP priority, applicants must propose a development project that is aimed at improving the employment outcomes of individuals with

disabilities. In carrying out a development project under this program, a grantee must use knowledge and understanding gained from research to create materials, devices, systems, or methods beneficial to the target population, including design and development of prototypes and processes. Please note that this will be the Funding Opportunity for field-initiated DRRP development projects in the employment domain. NIDILRR plans to make two field-initiated DRRP awards in the employment domain. NIDILRR's field-initiated DRRP awards in the employment domain may include research projects, development projects, or both, depending on the ranking of applications provided by the peer review panel. All applications are due by **11:59 p.m. ET on Tuesday, May 24, 2016.**

## **Rides to Wellness Demonstration & Innovative Coordinated Access Grants**

The Federal Transit Administration (FTA) announced the availability of approximately \$5.3 million of funding from two programs to support the Rides to Wellness Demonstration and Innovative Coordinated Access and Mobility Grants (R2W Demonstration Grants). The goal of the competitive R2W Demonstration Grants is to find and test promising, replicable public transportation healthcare access solutions that support the following goals: increased access to care, improved health outcomes and reduced healthcare costs. Eligible applicants include: States, Tribes, and designated or direct recipients for funds under 49 U.S.C. 5307, 5310 or 5311. Proposers must serve as the lead agency of a local consortium that includes stakeholders from the transportation, healthcare, human service or other sectors.

Members of this consortium are eligible as subrecipients. Further, proposers must demonstrate that the proposed project was planned through an inclusive process with the involvement of the transportation, healthcare and human service industries. Eligible projects must have implementation ready capital and operating projects that enhance access, such as: mobility management; health and transportation provider partnerships; technology; and other actions that drive change. These R2W Demonstration Grants will develop best practice solutions that other communities can replicate. All applications must be submitted by **5:00 p.m. ET on Tuesday, May 31, 2016.**
