Can you have it read?

Governor Haley has said, "We can no longer educate our children based on where they are born and raised, but because they all deserve a good, quality education."

Are you saying we can keep the content before the quote and insert the new quote OR just use the short revised quote and no other content?

Gail, we need to change the governor's quote to this:

"We can no longer educate our children based on where they are born and raised, but because they all deserve a good, quality education."

Thanks so much for your patients and let me know if there is anything else you need.

City Year is an education-focused nonprofit organization that works to help keep students in school and on track to graduate by uniting teams of diverse, young AmeriCorps members for a year of full-time service in schools. Evidenced-based research has identified the early-warning indicators allowing us to identify the students likely to drop out of school. By focusing on attendance, behavior, and course performance, corps members serve as tutors, mentors and role models who are uniquely able to help students and schools succeed.
