Hi, Katherine,

If you take the list price of the two power and data modules, take 50 percent off, that will get you close to final pricing. You can use the State contract quotes I sent depending on which seating you choose.

Do you think I will be able to have both quotes before a 12:00 meeting?
Thanks, Katherine

Jim,

We can add two of the one touch pivoting power/data modules to the table. There may be a charge for the cutout so check tables pricer.
