Friend,

**Today is December 31st, which means it's New Year's Eve and there's still time to join our [Carolina Conservative Coalition](#).**

South Carolina has a proud tradition of free-market, conservative values that champions limited government, lower taxes, and reduced spending. Those are the values we are going to bring to Washington D.C.

**Will you join us in that fight by activating your Carolina Conservative Coalition membership today?**

Membership is **only \$25** and that goes a long way towards making our goals a reality in 2016.

Our December fundraising deadline is the most important deadline of the year. Will you help us surpass our \$25,000 goal?

**I know we can count on you to join the Carolina Conservative Coalition before 2015 is over.**
