Thank you to the Clarence H. and Anna E. Lutz Foundation, who recently awarded a \$40,000 grant to Chester State Park for the construction of a new kayak launch. The launch will be constructed over the next couple months with an expected completion of Summer 2018. Some highlights of the new launch will be a grab bar that makes entry and exit from your kayak easier at all skill levels and a new parking area. For more information contact Chester State Park 803-385-2680.

Karen Herschell Thank you so much. As an older (and not so fit!) paddler, I think it is wonderful that the new dock will have a feature to make it easier to enter and exit a kayak.
