Janie Riley LaPoint So good to see an article on my favorite place in SC! I try to sneak out there at least twice a month. My visiting daughter and I were there 2 weeks ago. The water was beautiful, and the beach was uncrowded. Really, I've never seen it crowded! I bet I have at least 1000 pictures of Hunting Island. It's so beautiful! My favorite beach!

Laura Brown McKown The week we spent there in 2006 with my brother in law, shortly before his unexpected death, is one we'll never forget. We stayed in one of the beach houses before they were allowed to just wash away. I sure wish we could take his only daughter, now 16, back there to that same house to remember the only real vacation she ever had with him... So sad they are no longer there...
