To The Honorable Nikki R. Haley:

I am 83 years old and I have never written a complaint letter.

Sunday February 8th. I drove to Savannah from my home in Bluffton using highway 17. From highway 315 to the bridge on highway 17 is the worst piece of road that I have ever driven in my life. It is extremely dangerous with countless pot holes and broken up asphalt. I hit a pot hole that was so deep and that I bottomed out my car.

I am very aware that South Carolina is short of funds to repair roads and bridges but please this piece of road is very busy and it has to be repaired for everyone's safety.

Sincerely;

Donald Hippensteel
