1. The Senate bill does not contain a sustainable funding solution.
2. The Governor is committed to working with the House on creating a long-term sustainable funding solution to be rolled out early next year.
3. The Governor is very thankful for the House's hard work on passing a conservative budget – *i.e. DV funding, Education, and Roads*. Last night you showed the Senate how to pay for the 400M.
4. Now let the House bring it home for the people of South Carolina with concurrence.
5. I want the House to stand with us – so I can tell the public it was the House that made this happened.
