Hey!

Talked to the dad.

He says they have a close family friend who is the attorney for the comptroller's office. They have been talking with him to get to the governor. They haven't contacted anyone in the Exec Office.

Also. I gave you the wrong contact number. Sorry! It's 843-607-1632

Hey!

We just broke a story on a teen who died at Christmas, and what we found was the wreck could have been prevented with simple ditch maintenance by the SCDOT. The family has been devastated, as you can imagine losing a teen 2 days before Christmas.

They have been wanting to speak with the Gov and haven't been able to get through. I'm hoping you can pass this story and the family's info along to her? And help coordinate a meeting with them?

I've been working with this family for months and I know meeting with the Gov would help heal some wounds. Anything I could do to help in that process is a must.

Their contact info is:
