Gov. Haley,

First thing I wanna say to you is,, GO TRUMP !! Its too bad you don't see the truth about Hilary and it seems you don't see the truth about Trump.. Oh, bless your sweet heart,,,, you don't like him do you.?? Hum,, get used to him, he's gonna be the next president.. Let see how your career goes come next elections.. You've been wrong about a few things, like making it a law you can't camp out on the capital grounds after you ordered the state police to remove them and found out there wasn't a law saying they couldn't.. That is how Russia does buiness.. Not the US..
