## **1. Introductions**

Ms. Carullo introduced the guests, all of whom are listed above.

## **2. Approval of Minutes**

A **motion** was made (Korrapati), **seconded** (Temple), and **carried** to approve the minutes of the November 5, 2009, CHE meeting.

## **3. Guest Presentation: *Implementation Status & Demonstration of the SC Transfer & Articulation***

**Ms. Karen Todd, Vice-President and General Manager, AcademyOne, Inc.**

Chairman Wingate welcomed and introduced Ms. Todd, who provided information on the SC Course Articulation and Transfer System. Scheduled to be launched in early 2010, the system is designed to help meet the course articulation and college transfer needs of South Carolina's public colleges and universities and their students. The system will be promoted to students through links on each institution's web site and through public service announcements provided by SCETV. Although there is currently no money budgeted for marketing the system, efforts are being made to develop a funding source for this purpose. More detailed information about this system may be found in the hard copy of the presentation (**Attachment I**).

## **4. Chairman's Report**

**- Ken Wingate**

Chairman Wingate reported on several meetings in which he had participated since the November CHE meeting, as well as on several presentations he and/or Dr. Walters had made to various institutional Boards of Trustees, Rotary Clubs, and the SC Chamber of Commerce.

## **5. Report of the Executive Director**

**- Garrison Walters**

Dr. Walters stated that he and CHE staff member, Michael Brown, had delivered a presentation on the New Front Door initiative to the New Carolina Education Task Force. He reported that he and Chairman Wingate would be speaking to the Charleston Rotary Club on December 8. He stated that the presentations to rotary clubs and chambers of commerce have been very well-received and will continue to be scheduled in 2010. Dr. Walters reported that the CHE budget is soon expected to be cut another 3% which brings the total budget cuts to the agency to approximately 30% over a period of two years. The cuts have been met by not filling staffing vacancies which, although the work of the agency has been adequately maintained, have resulted in lost opportunities and delays in progress. Dr. Walters concluded his report by offering kudos to Clemson University for the major grants it recently received from the Department of Energy, and he applauded their outstanding efforts in taking cutting edge knowledge and effectively streaming it into practice.

## **6. Legislative Report**

Ms. Carullo reported that the next legislative session will begin on January 12, 2010. She stated that approximately 58 bills to date have been pre-filed in the House and that bills will be pre-filed by the Senate on December 9. Ms. Carullo stated that the CHE is scheduled to have its budget hearing with a subcommittee of the House Ways & Means Committee on January 12, 2010. Also during that week, the regulatory relief bills are tentatively scheduled to be considered by a Senate subcommittee on January 14. She also reported that the SC Budget & Control Board meets on December 15 and is expected to act on a statewide budget cut of at least 3% to address the November action of the Board of Economic Advisors to reduce the state's revenue estimate.

## **7. Report of the Higher Education Action Plan Ad Hoc Committee**

**- Ken Wingate**

Chairman Wingate asked Dr. Walters to provide a briefing of the most recent activities with regard to implementation of Higher Education Action Plan. Dr. Walters then reviewed the highlights of the Action Plan Implementation Status Report as of October 29, 2009, (**Attachment II**). Chairman Wingate stated that a review of this type would be presented periodically in order to keep the Commission apprised of current activities and developments.

The purpose of this very successful well-received initiative was to assist all high school students with completing and filing their applications for college. Commissioner Mosteller noted the significance of this event in terms of contributing to Goal 1 of the Higher Education Action Plan, which aims to significantly increase the number of college-educated South Carolinians.
