The lilies at Landsford Canal are getting closer & closer to full bloom! Read more about them here in this great article from Talk Magazine: <http://www.greenvilleonline.com/story/life/style/talk-greenville/2017/05/01/full-bloom/101147026/>

Carol Oakley Pit Wise, the lilies are in bloom again !

Sandra Richard I love this place. Not only do you feel the history, you feel nature everywhere.

Rebecca Tucker My husband, my son, and I were at the Canal on Sunday. We had never been while the lilies were in bloom. Along the whole trail we could smell something really sweet. On the viewing platform at the lilies, it almost smelled like being surrounded by gardenia bushes on a lightly breezy day. We will be going again before they stop blooming.
