you put your <sup>FOOT</sup> PETITION IN THE BUCKET TOO.

TO

REQUESTING THE ENTIRE COMMITTEE'S  
RESIGNATION.

Here to fore: the listing of the committee's individual names:

Mitch McConnell

John Cornyn

Sen John Thune

Roy Blunt

Paul Ryan

Kevin McCarthy

Steve Scalise

Cathy McMorris Rodgers

Luke Messer

It is time for all of you to go. Each and every named party is requested to fulfill the PETITION requesting each one's resignation, for reasons henceforth:

- The Committees' failure to organize and successfully elect the Party's nominee in the past elections.
- The Committees' allowance for party-chosen candidates, who have won an office to stand alongside potential presidential candidates and in the term; "endorse" one for office.
- The Committees' failure to treat potential presidential candidates "fairly".
- The very idea of the Committee having placed their 'appointed candidate' and spent \$120 million dollars, in so few weeks, advertising the support of the Committees revered candidate, is an anathema to American voters.
