Governor,

You said that the Heart of South Carolina had been broken. You have also called for the Death Penalty in the case.

The Heart of The Country was broken. We need to use this event to help turn the tide of race relations I don't think that a stronger message could be made than your removing that flag from all government buildings. we are being told that the deranged racist who committed this act does not represent the population of your State. So, why not show the world. To use words similar to those of President Regan ... Governor Haley, take down that flag!

Respectfully,

Geo Parisi
