Subject: Restorative Justice Resources

Access the following training right from your desk:

Restorative Justice
– Guiding Principles for Communities and Organizations

How do we respond meaningfully to harmful or criminal actions? Based on the principles of restorative justice, this webinar offers a framework for answering this question as it relates to your own context. The timeless philosophy of restorative justice focuses on the needs of everyone involved, emphasizing direct accountability, reparation, prevention, dialogue and, in some cases, renewed relationship. If you work in a community, school, government or other organizational setting and make decisions about how to respond to harmful actions, this webinar will provide you with insights for incorporating restorative justice principles into your environment.
