Subject: This week

Team,

Last week was a tremendously challenging week to prepare for Hurricane Matthew and now respond to its impact on SC. We have had an amazing team approach at the state level with our agencies to prepare, respond and troubleshoot hundreds of actions since start of this storm. The Governor and I are very proud of how all of you have stepped up to proactively handle so many issues that have come up.

We are still in emergency response mode at the SEOC, so we need those of you who are participating on calls to continue to do so. We have a few more days of full focus on the response and recovery.

Thanks again for all of your efforts!

Swati

Subject: Staff Meeting

Good morning!

We will not have a staff meeting this morning. But we do have a busy week ahead...

- we are closely monitoring Hurricane Matthew and will begin executive calls soon.

- the Governor's schedule is very busy this week. Those of you that are staffing the governor this week in meetings/events please make sure to provide all talking points and briefings well in advance of the meeting/event.

- the Governor's schedule is subject to change this week depending on the track of the hurricane.

Nicole - please provide scheduling info to the group as appropriate. Anyone else - feel free to provide updates to the group.

Happy Monday and have a great week!

Swati
