Reduce Current Mandatory minimum of 85% to 65% retroactive for all offenders and parole eligibility for all those who are under determinate and indeterminate laws court reestablish work and good behavior Credits to help reduce Sentencing for inmates. Everyone deserves a Second Chance.

To whom it may Concern,

My husband is serving a 15 year prison sentence for something he did not do. His ex-wife framed him. My husband has never been in trouble with the law his whole life until he met and married his ex-wife. I have all the proof and evidence that my husband is innocent, but I can't get anyone to listen to me. My husband's appeal was denied due to the lack of evidence on his part, that's because the public defender did not submit any evidence or proof and he didn't call any witnesses to the stand. The public defender even talked my husband out of testifying on his own behalf. My husband

did not get a fair trial. My husband is innocent. Please help me and my husband and please help me bring him home by Christmas. You may contact me any time for more information.

Thank You for your time, and Merry Christmas to you and your family.

Sincerely,

Michele Rowell
