OFFICE OF THE DIRECTOR

Dear Mr. Keck, *Tomy*

This letter is to confirm the intention of the Greenville Health System (GHS) to submit a PACE Provider application to the South Carolina Department of Health and Human Services to serve Greenville County. GHS is committed to providing efficient, high quality health care to all of our patients, including some of our most vulnerable-the frail elderly. By opening a PACE program in Greenville County, GHS will be able to provide a comprehensive care model that will allow these patients to remain in their homes while assuming full financial responsibility for their health care through interdisciplinary care coordination and a full array of medical services.

Thank you for your interest in this program and your support of GHS' endeavors. GHS intends to have a draft of the PACE Provider application completed by August 30, 2013. By doing so, we hope to meet all applicable state and federal deadlines to open a PACE center and begin seeing participants in October of 2014.

We look forward to your continued support and hope to receive your endorsement of our efforts in writing.

Sincerely,

Angelo Sinopoli, MD
Vice President, Clinical Integration
Chief Medical Officer

Dear Dr. Sinopoli:

Thank you for your recent letter confirming your intention to submit an application to become a Program of All-Inclusive Care for the Elderly (PACE) organization in South Carolina.

The South Carolina Department of Health and Human Services (SCDHHS) is committed to the PACE program as a viable option for individuals 55 and over who meet nursing home level of care, but desire to remain at home in the community.

Contingent upon FY 2015 budget appropriations, an approved application and available PACE enrollment slots, SCDHHS will financially support your efforts to establish a new PACE program in Greenville County.

We look forward to receiving your application in August 2013 with an anticipated opening in October 2014.

Sincerely,

Anthony E. Keck
Director
