Thanks. I had a budget meeting I couldn't escape yesterday afternoon, but I caught up with Elisabeth afterwards, so she filled me in.

Subject: CWRC data update...

Hi, team SC –

First, what a great announcement earlier this week – and your website looks fantastic. Thank you for allowing me (and Fred) to be a part of it.

Second, we wanted to let you know that the CWRC website has been updated with October NCRC data, and our fully automated backend data systems are up and running.

We discovered a lag time between the change over from interim to permanent CWRC data reporting system. So we have updated July through Oct data to adjust for this lag (which is why we're a bit later than usual in posting October data). Please see the impact of this adjustment below for our first four participating states. These numbers are the additional certificates disaggregated to the county level.

Missouri 932
South Carolina 843
Oregon 68
Kentucky 129

I also wanted to let you know that Erina Green has left ACT to pursue a different opportunity. We are thrilled with the work she did in getting these data systems up and running, and she agreed to stay on until the changeover was complete. Her last day was yesterday and we wish her the best for her new endeavor! For any data-related questions, please contact Lori Baldwin at lori.baldwin@act.org.

Thanks,
Chris
