Subject: RE: Leadership Anderson ~ Website email from Chief Jim Stewart

Attachments: [Leadership Anderson.pdf](#)

Lieutenant Governor Bryant, Thank you for taking the time to speak to Leadership Anderson last month. Our group is currently working on a new welcome sign for Anderson County. The sign is currently in the permit approval process with SCDOT. The sign was submitted by Anderson County at our request. Would your staff be able to assist our group with providing some knowledge on the amount of time on this process or the ability to expedite? I know the next step is the feds since this is on I-85 with the NHTSA. Any help is appreciated, our class graduates soon from the Chamber and a dedicated few will carry this project forward. I'm attaching sketches so you can see the sign. Thanks again, Jim Stewart
