Karen,

The assumption was the agency would just add this program as another funding stream to the current program.

No. We would keep Title IIIE and we are almost finished with the Alzheimer's clients. Was just wondering about the State respite.

Would you contract the entire Caregiver program, to include Title III, Alzheimer's, and State Caregiver?

Was it ever the intent that the State Respite Voucher program funds could be contracted out from the AAA's to service providers? If so, it is not stated in the regulations. This was brought to my attention during the RAAC meeting. Thank you for any assistance regarding this issue.
