Hey Haley – great talking to you yesterday! Thanks again for helping to set up a bill signing event for H. 4578.

As you probably remember, Governor Haley put together a Regulatory Reform Task Force to evaluate South Carolina's regulatory burdens on businesses and this is one of the task force recommendations that she specifically cited on November 15, 2013 as a good example of regulatory clean-up we need. Customers, home-sellers, manufacturers and their employees will all benefit from an efficient system for approving modular plans.

Since Rep. Bedingfield served on the Regulatory Reform Task Force, House LCI Chairman Sandifer sponsored H. 4578 and Senate LCI Chairman Alexander sponsored the Senate companion bill, we would recommend them to be included in the bill signing event. We would also like to invite some of our members to be a part of this event. If you could let me know as far as possible in advance of when the Governor could schedule a bill signing event we can help make sure these legislators and our members will attend. Thanks so much for your help!

Y'all are the expert on the media end of things, but I was thinking that a news conference would really highlight the Governor's initiative and her ability to get pro-business, regulatory reform laws passed fast in the General Assembly. She announced the results of the task force only 6 months ago at the SC Chamber of Commerce Conference and it is now law. Please let me know if you need anything else from me. Thanks again!
