This is Community Activist Jack Logan. I learned of a lawmaker being indicted and possible more. My concerned after 15 years of conviction they can run for an elected office agin in our State and it's not right. Former State Representative Ennis Fant of Greenville was indicted and sentenced to prison and now he will be sworn in as a council member next month. No lawmaker should ever be allowed to hold office in our state again. Jack Logan 8643031030
