Meeting of

December 15, 1988

RECOMMENDATIONS

Highways and Public Transportation Commission Meeting of December 15, 1988

Monthly reports published by the Department of activities for the month of November, 1988 are submitted under separate cover. These reports are for the information of the Commission.

It is recommended that the Commission accept the November, 1988 reports.

PAYMENTS FOR RIGHTS OF WAY ON ROADS IN STATE SECONDARY CONSTRUCTION "C" PROGRAM

Payments have been made for right of way on the following roads in the "C" Construction Program:

November 23, 1988 Project C - Road S-1080 -
 Greenville County - Calvin
 T. Rice and Melvin Younts, Atty. \$ 4 800 00

The above is payment for final and complete settlement out of Court of the right of way Condemnation Appeal Case. The Department decided it best to pay the award in order that this road could be built.

November 29, 1988 Project C-525 - Road S-199 -
 Dorchester County - Charles E.
 Davis, Diana T. Davis, and S. C.
 National Bank, Mtgee. \$ 1 700 00

The above is payment for final and complete settlement out of Court of the right of way Condemnation Appeal Case. The Department considered it best to pay the award so this road could be constructed.

This report is being made in compliance with Section 9 of the minutes of December 19, 1957.

Recommendations - 12/15/88

AGREEMENT FOR CONSULTANT SERVICES

The Department requests Commission approval to advertise for and select a consulting and engineering firm for the purpose of entering into an agreement to provide engineering services for multilaning S. C. Route 72 from I-26 southerly to U. S. Route 221 in Laurens County. The proposed project would encompass approximately 21 miles.

The scope of work will involve preliminary engineering and the development of final right of way and construction plans.

Funding for this project will be "A Strategic Highway Plan for Improving Mobility and Safety (SHIMS)".

Recommendations - 12/15/88

North Augusta Building Lease - Recommendation to Terminate Lease

It is recommended that this Department implement recommendation of the Capital Improvements Committee by terminating lease with the City of North Augusta for building which is not needed for any function of this Department. The building has been under lease for \$1.00 per year, to expire in the year 2006. It has been confirmed that neither Maintenance, Right of Way, Patrol, or MVD has any use for the building, which is owned by the City of North Augusta. The Department presently has maintenance obligations on the building, and must pay insurance premiums for any on-premise liability exposure. The lease was obviously an accommodation from the City of North Augusta, but the cost of maintaining the property under lease, including insurance against liability, outweigh any reasons for retaining the leasehold interest, in that no division within the Department has any need for the building.

It is recommended that the Commission approve termination of the lease, based upon the recommendation of the Capital Improvements Committee's special meeting of October 27, 1988, as further recommended by this office. It is anticipated that the lease can be terminated without any liability on the part of the Department, and that will constitute a condition of this recommendation.

ALLOCATION OF FUNDS FOR WORK AT STATE INSTITUTION

It is recommended the Commission set up an allocation of funds for work at a State Institution as follows:

<u>Project Number</u>	<u>County</u>	<u>Description</u>	<u>Amount</u>
D-208A	Greenville	Paving and installation of drainage at the Greenville County Farmers Market. Approximately 0.50 mile Total Allocation: \$ 71,573.00 (File No. 23 (6) 208A) Note: \$ 32,735.45 of this cost is to be reimbursed by the Department of Agriculture.	

ALLOCATION OF FUNDS FOR WORK AT STATE PARKS

It is recommended that the Commission revise the allocation of funds for work at State Parks as follows:

<u>Project Number</u>	<u>County</u>	<u>Description</u>	<u>Amount</u>
E-609	Horry	The grading, drainage, and asphalt concrete surfacing and erection of treated timber guardrail on State Park Road at Myrtle Beach State Park - 0.674 mile. Total Allocation: \$ 305,955 Less Previous Allocation: <u>305,315</u> (File No. 26 (7) 609)	\$ 640
E-654	Pickens	Resurfacing various roads in Table Rock State Park in Pickens County - 6.85 miles. Total Allocation: \$ 239,855 Less Previous Allocation: <u>209,000</u> (File No. 39 (7) 654)	<u>30,855</u>
<u>Total</u>			<u>\$ 31,495</u>

Recommendations - 12/15/88

SALE OF SURPLUS RIGHT OF WAY PROPERTY - LAND

During the acquisition of right of way for construction of Road S-61 in Fairfield County, under File 20.290, the Department acquired right of way from the Estate of Jas. G. McCants by Deed to Right of Way dated April 4, 1955.

At the request of the adjoining owner an investigation was made and it was determined that the right of way for Road S-61 between approximate survey stations 7+30 and 7+95 on the left could be reduced to 33 feet and the excess land declared surplus and exchanged for additional right of way at the intersection of Road S-61 and Road S-88. Therefore, a gratis quitclaim deed conveying to the Bank of Ridgeway approximately 2,700 SF of land was executed on June 29, 1988.

This matter is reported to the Commission in accordance with the requirements of Code Section 57-5-340.

File 20.290 - Road S-61 - Fairfield County

Recommendations - 12/15/88

SALE OF SURPLUS RIGHT OF WAY PROPERTY - LAND

During the acquisition of right of way for construction of SC Route 11 in Oconee County, under File 37.553, the Department acquired right of way on Tract 23 from Fred E. Anderson by Right of Way Easement, dated January 1, 1973, and on Tract 24 from James R. Bowen by Right of Way Easement, dated February 6, 1973. Prior to construction of the project the alignment of the road was relocated.

At the request of the adjoining owner an investigation was made and it was determined that a portion of the property acquired from the above referenced tracts was no longer needed and could be declared surplus. Therefore, a quitclaim deed conveying approximately 0.31 acre of land to Timothy E. Kwiatek and Patricia S. Kwiatek was executed on October 26, 1988, for consideration of \$1,450.00.

This matter is reported to the Commission in accordance with the requirements of Code Section 57-5-340.

File 37.553 - SC Route 11 - Oconee County

SALE OF SURPLUS RIGHT OF WAY PROPERTY

After being duly advertised, bids were taken by the Department on November 13, 1988, for the purpose of surplus right of way property - land and as a result awards were made to the highest bidder for the amount listed below:

File 40.540 - Project I-20-2(4) - Route I-20 - Richland County

<u>Item no.</u>	<u>Description</u>	<u>Amount</u>

Joseph E. Rosen
1716 Bull Street
Columbia, S.C. 29201

The above is reported to the Commission in accordance with the requirements of Code Section 57-5-340.

Recommendations - 12/15/88

SALE OF SURPLUS RIGHT OF WAY PROPERTY - LAND

During the acquisition of right of way for construction of SC Route 12 in Lexington County, under File 32.546, the Department acquired right of way on Tract 7 from the Estate of Mrs. Alice B. Shull by Condemnation, dated July 13, 1972 and on Tract 8 from Mr. Sanders R. Guignard, et al, by Condemnation, dated July 13, 1972.

At the request of the adjoining owner an investigation was made and it was determined that a portion of the property acquired from the above referenced tracts was no longer needed and could be declared surplus. Therefore, a quitclaim deed conveying approximately 7,842 SF of land to Columbia Poultry Farms, Inc. was executed on November 23, 1988, for consideration of \$2,550.00.

This matter is reported to the Commission in accordance with the requirements of Code Section 57-5-340.

File 32.546 - SC Route 12 - Lexington County

Recommendations 12/15/88

SALE OF SURPLUS RIGHT OF WAY PROPERTY - LAND

On June 16, 1955, the Department purchased 3.0 acres of land in the Town of Estill, Hampton County, from Hilda T. Zeigler for a Maintenance Shed Facility.

As a result of the Department recently consolidating its maintenance operations, this maintenance shed facility is no longer being used and at its November meeting the Commission approved the sale of this property to the Town of Estill for the appraised value of \$26,000.00. The Town of Estill has agreed to assume responsibility for any damages to the land concerning underground storage tank control regulations and our Capital Improvements Committee recommended selling the property to them for \$18,000.00, which is less than the appraised value. Therefore, Commission's approval is now requested to sell this property to the Town of Estill for \$18,000.00.
