To whom it may concern,

Greetings, my name is Dedrick Lamon Williams and I am currently incarcerated in the South Carolina Department of Corrections at Lee corrections (Lee, c. 1) in the town of Bishopville. The reason for this correspondence is to ask about the Percentage rate of South Carolina. The Percentage rate for South Carolina since 1996 has been 85 Percent for violent offenders, but I was recently informed by local Council that the governor (Mark Hallet) upon re-election had signed a new law into effect stating that all 85 Percent guidelines have been reduced to 65 Percent. Is this accurate? If so could you at your earliest convenience write me back and let me know and in the other note, that your office write me back at your earliest convenience write me back and inform me that this letter was received by your office.

Respectfully Submitted  
Dedrick L. Williams
