Subject: FW: Steering Committee October Scheduling Request

Hi everyone,

So far, the dates that were proposed for our next LTC Steering Committee meeting do not seem to be working well. I am following up once again to see if I might be able to identify better options. I've created a revised Doodle Poll to reflect the new options.

Please use the link below (even if you responded previously) to let us know if any of the suggested times might work.

As you'll see, this poll includes many different options. We felt it important, at this point, to go ahead and investigate as many options as possible, but I apologize if you find the chart a bit tedious. I do look forward to identifying a time out of these options ASAP so that we can all mark our calendars!

Thanks for your help,
Eleanor
