

*Gov. Walley*

Life is our most precious gift and every life is precious. The only way to save those lives from abortion is adoption. Where is the door for adoption?

Choice is the answer. Yes, we need a second door at Planned Parenthood. One that opens for life. Why don't they have true Choice? When you have a choice then things will change. Let's force Planned Parenthood to have a second alternative, a true choice. Where is Door #2? ADOPTION is the answer.

Planned Parenthood needs CHOICE. ABORTION and ADOPTION.
