Hi Katherine,

I'm just following up,

Were you able to schedule a meeting on Wednesday?

If not, that is ok, we will meet again another time.

However the owner of my lamp manufacturer <http://www.light-sources.com/> is coming down to meet me anyway and see the land and meet David Arnal as we do have a proposal on my business and a strong interest in the (second, third and now fourth properties of the potential land deal) as well as moving part of their manufacturing here. These are separate issues. They have already made reservations even though I have not confirmed a Wednesday morning meeting.

So I was hoping you could at least add them to the Holiday Reception list -- they would be coming with me and my wife Sanda.

Christian Lazslo Sauska – Owner - They have over 1million square feet of manufacturing facility in Europe and I think over 300,000 square feet in Connecticut.

John Andros VP --- I met him here last week but have known him for many many years.

David Arnal who is with me -- you met at the Cherichulla's reception.

On a separate note: I already have my first investor (Donna Frazier) that I needed and she and another partner have intent to purchase the first property of 82 acres.

Thanks so much for all you've done.

Best wishes,

Warren

You can call me on my cell 843-247-8699
