Ok. I'll keep you posted. We are somewhat concerned because this group seems to be getting more unstable.

We just don't need them making good on their threat to cause trouble. We'll take precautions, if necessary.

Have a good weekend.

I think this is adequate Director Farmer. Thank you and sorry we didn't further discuss this in person at the event. Thanks for Attending today!

I plan to send the attached letter to Mr. Holmes on Monday.

Things were too active today at the event for both of us to properly focus on this issue.

Just let me know if you have any questions.

Ray
