South Carolina State Parks

at 17:51:27 on 2/01/2010 UTC ·

Happy Monday from Myrtle Beach, SC! One of our most valuable treasures in the parks system is located in the heart of Myrtle Beach --- it is Myrtle Beach State Park, of course! A natural retreat, Myrtle Beach State Park is home to one of South Carolina's last stands of easily accessible, oceanfront maritime forest. Have you ever visited MBSP? If so, tell us your favorite thing about the park and what you and your family enjoys most.

About This Park - Myrtle Beach State Park - South Carolina State Parks

Myrtle Beach State Park is one of the most popular public beaches along the South Carolina coast
